

# Surveyor

LH North Ltd. is a leading heavy-civil construction company in Northwestern Ontario, specializing in the design and construction of high-quality infrastructure such as bridges, roads, deep foundations, and underground water systems. The company is now accepting applications for experienced Surveyors who meet the following qualifications:

## Primary Duties & Responsibilities

- Accurately complete onsite surveys for various construction projects, with periodic reviews of record keeping, field procedures and survey audits
- Prepare and communicate field notes, sketches, checklists and digital data
- Liaise with supervisors, clients, and sub-trades to ensure compliance with project specification
- Install survey stake locations, such as right-of-way limits, pile locations, cut-offs and site grading
- Perform construction layout using GPS, total station and level survey instruments
- Work in conjunction with the interdisciplinary team to achieve efficient and safe work sites.
- Work in fast-paced and complex environments, maintaining accuracy and attention to detail

## Qualifications

- Completed diploma in Surveying, Geomatics, Civil Engineering or related field
- Experience with AutoCAD and Civil 3D is considered an asset
- Strong organizational, problem solving and time management skills
- Sound computer knowledge and experience with CMS/Microsoft Office
- Previous experience in construction environment is considered an asset
- Must have 8-inch CSA approved steel toe work boots (Other required PPE will be provided)
- Familiarity with OPSS and MTO specifications is considered an asset
- Valid Working at Heights certification and Standard First Aid training are considered an asset
- Valid Surface Miner Common Core certification is considered an asset

## We Offer

- Competitive hourly wage based on experience (Starting at \$28/hour)
- Benefits package and pension plan
- Safe and progressive work environment

## Schedule

- Shift work – Mine site operating on a 10 days on/4 days off schedule
- Weekend and Overtime as required
